... even one death because they have blocked traffic and
ambulances can't get through, they all need to be charged with
manslaughter. They are deliberately setting out to prevent traffic from
moving - that means ambulances too.

So when they call in the military to remove the trucks... what's our
move?

four hospitals in the city

The truckers' convoy for freedom now extends 70 km.

**Denis, The convoy now officially exceeds
70km in length.**

This type of freedom-oriented political solidarity is unheard of in Canada

What started as a rallying cry for an industry has turned into a national
movement calling for the abolition of ALL vaccination passport programs

And looks like disrupting our vaccine supply?

This isn't about a vaccine, we're NOT anti-vaxxers. We're fighting for you, your neighbors, store owners, etc. This is to get our freedom back and end these useless mandates and lockdowns that are only hurting people's finances and destroying the economy, tearing families and friends apart etc.

For those that are for the vaccine, you better run out and get your next shot while you can.
